BYE RUNS: Friday and Saturday random for first round. Main event 1st round will be the winner of the Saturday gamblers race (or Friday gamblers if Saturday is not completed or randomly if neither). After Rd 1, the best reaction time will determine the bye. In the case of a tie, the racer who runs closer to their dial in (excluding a breakout) will receive the bye. If a tie still exists, the first to accomplish. A racer is eligible to be selected each round for a bye until used. Once a racer makes a bye, they are not eligible to be until everyone else in the class has made a bye run. A new bye is selected every round. This takes precedent over the team rule. Note: If the racer selected for a bye is mistakenly missed and runs in competition, the run will stand. The bye run will receive lane choice if paired.

CHRISTMAS TREE: The tree will be separated with a blinder. LED bulbs will be used with cones. Crosstalk will be used in BOX and may not be turned off.

COURTESY STAGING: Mandatory. A car that accidentally lights both bulbs will be allowed to back up and re-stage if time allows. If the autostart system activates the tree and the entry is not re-staged the entry may be eliminated.

DEEP STAGING: Please be aware that deep staging is allowed in all classes but not guaranteed. It is up to the racer to get in deep as soon as possible. It is not the responsibility of the starter. Deep stagers will light both pre-stage and stage in adherence of courtesy staging.

EXCESSIVE BRAKING: A warning or immediate disqualification will be at the discretion of the race director and starter.

GAMBLER'S RACES: If a gamblers race is not completed on the scheduled day, the event payout will be split. Track operators may compete in a race vehicle in the gamblers race.

LANE CHOICE: Racers should pull into the designated lane they wish. If all remaining racers want the same lane, a WDRA official will determine lane choice using playing cards

"RACE BACK IN": MAIN EVENT – "Race Back In" for the main event is 1st round only. "Race Back In" racers will run against each other for 3 rounds with no team points and separate bye runs. Round 3 "Race Back In" round winners will re-join the main event eliminations in round 4 and earn round money and team points for the remainder of the event.

TEAM MEMBER vs. TEAM MEMBER: Racers from the same team should not run each other unless they are the only ones left in competition. If 2 team members are forced to run each other the team will get 1.5 points for the win. It is the tracks responsibility to help assure that racers from the same team do not run each other. Racers are responsible for NOT coming to the lanes together. If racers from the same team running each other should become the only alternative, the cars will run each other and the runs will stand. Note: the only exception to this is in a bye run situation.

WEATHER: If weather delays the main event, it will be completed on first day available.
